**Subject:** FW: WY RH still on schedule?

I apologize but I had a couple of meetings after this came in. I am on my way out and not in tomorrow and not sure how you want to respond to this. If it can wait until Monday I would be glad to put something together.

Thank you for the update. And Sandy: Peterson's office is in fact asking about WY (though they are also following ND RH)...apparently they have some constituents asking so they're making sure they know the latest.

One final question: Is there a brief explanation re: the relationship between (1) the December 12, 2012 FR notice in which we gave final approval to WY SIP revisions and (2) the June 10, 2013 notice in which proposed partial approval/partial disapproval? I'm having a difficult time figuring it out. Thanks.

Call if that's easier...202 564 2095

Josh

Yes, we are still on schedule to have the final notice signed by November 21, 2013. Please note, the public comment period was extended and now closes on August 26th.

Hi, Josh -- Am forwarding your message on to Region 8 Air Program managers as well. You should be hearing back from Carl or someone soon.

Thanks,  
Sandy

P.S. Re-listened to your VM message. Probably Rep. Peterson's office was not asking about the WY RH, but maybe ND? I won't be back on duty until Friday, but will check on any additional questions you have then. Thanks, again!

Here's what I have...can you confirm that there haven't been any extensions that I've missed?

June 10, 2013: FR notice proposing to partially approve and partially disapprove a State Implementation Plan (SIP) submitted by the State of Wyoming on January 12, 2011, that addresses regional haze.

Written comments must be received at the address below on or before August 9, 2013.

Public Hearing on June 24. Additional public hearings were then added on July 17 and July 26.

Final rule due by November 21

Importance: High

Hi, Carl and Gail -- Rep. Peterson's office is checking with Josh in OCIR regarding the Wyoming Regional Haze schedule. Sorry for your trouble, but I'm not in the office to check my folders on the latest update. Could you please confirm the public-comment period, public hearing and final decision dates for Josh to get back to the Congressman's office?

Many thanks!  
Sandy
